Alireza Pazook

Backend Software Engineer · Golang · Microservices · Distributed Systems

Backend-focused software engineer with experience building and maintaining high-performance services, scalable APIs, and distributed systems. Currently working at Snapp with Golang, PostgreSQL, Redis, and microservices, with an earlier background in PHP and Laravel.

EXPERIENCE

Snapp

2024 — Present

Software Engineer · Backend

- Develop backend services primarily with Golang in a high-traffic environment.
- Design and maintain microservices and RESTful APIs for distributed systems.
- Work with PostgreSQL for data modeling and query optimization, and Redis for high-speed caching and session management.
- Tune performance and improve system reliability under heavy workloads.
- Collaborate with DevOps and frontend teams to deliver end-to-end solutions.

Shayan Pardazesh

2020 — 2024

Project Manager · Software Engineer

- Led project implementation, analysis, and coordination across technical and support teams, including product introduction and stakeholder meetings.
- Built and maintained backend functionality with Laravel, PHP, Eloquent ORM, and MySQL.
- Used Blade and SASS to support product interface delivery.

Freelance

2018 — Present

Software Engineer · Remote

- Independent software engineering work alongside full-time roles.

EARLIER EXPERIENCE

Satrex

2019 — 2020

Software Engineer

Built product interfaces using Vue.js, Vuex, Vuetify, Vue Material Design, SASS, and styled components.

Alfateam

2018 — 2019

Software Engineer

Developed application functionality with Laravel, PHP, Eloquent ORM, Blade, and SASS.

CORE STACK

Golang Microservices

REST APIs PostgreSQL

Redis Docker Git

TDD

ADDITIONAL STACK

PHP Laravel MySQL

JavaScript TypeScript

Vue.js React SASS

FOCUS

Backend Engineering

Reliable services, clear APIs, maintainable architecture.

Data & Performance

Query efficiency, caching, and high-traffic workloads.

Distributed Systems

Service boundaries, failure handling, and observability.

EDUCATION

Associate's Degree

Computer Software Engineering
Montazeri Technical College
2011 — 2013

LANGUAGES

Persian

Native

English
